LEGAL ISSUES

Dr. Logan does not wish to testify in court, prepare affidavits or depositions, or get involved in clients' legal issues or workman's compensation and disability issues.

However, if legal involvement is unavoidable, there is a charge for completing forms and affidavits or preparing records for release. There is also a charge for telephone consultations with clients' attorneys and for spending the time to get documents notarized. Please refer to the sheet provided entitled "Forms, Letters, and Summaries" and "Telephone Consultations". Time spent to get documents notarized will be charged on the same scale as telephone consultations. Your insurance company will not cover any legal expenses. Any and all of these type of legal expenses are "Self Pay" or "Out of Pocket."

Since Dr. Logan must cancel clients for an entire day to appear in court to testify, the court appearance fee is \$1500 per day, *payable in advance*. If she can be informed two (2) weeks in advance of her court appearance whether she will be needed only before noon or after noon, the charge is \$900 per half day, *payable in advance*.
